POWERFUL CLEANING WITHOUT ALL THE *splash*

What is Power Clean™ ?

More Force, Less Splash. Power Clean technology provides 50 percent more spray power versus most Moen pull-down and pull-out faucets without Power Clean, while containing splash and minimizing mess. This innovation provides consumers with a high flow experience on lower flow products.

Which Moen Faucets Feature Power Clean?

- Align[®]
- Arbor[®]
- Etch[™]
- Notch[™]
- Aberdeen[™]
